Login

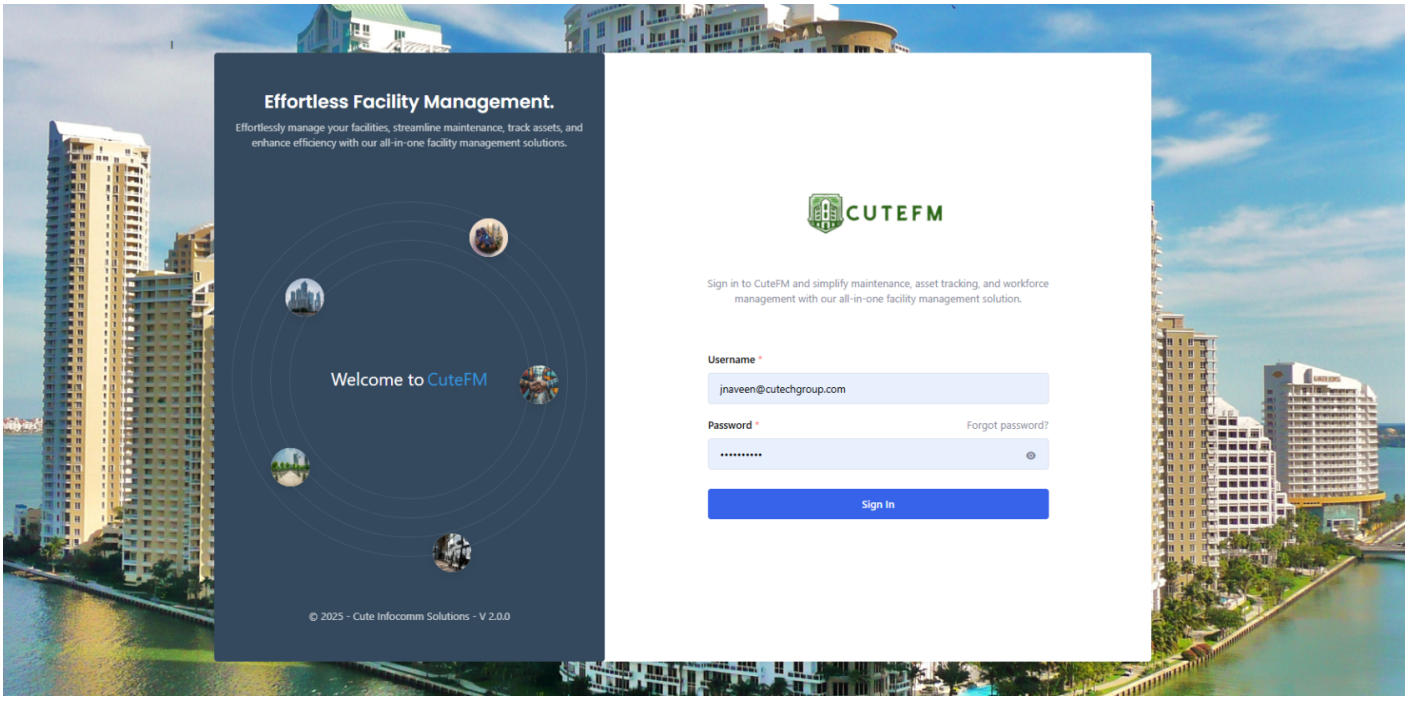

cuteFM Login Page

Website

URL: https://cutefmng.megaappz.com

Purpose of the Login Page

The login page is the secure gateway to access your organization’s Facility Management modules. Only authorized users with valid credentials can log in.

Steps to Log In

1. **Open the Website:**

- Visit **https://cutefmng.megaappz.com** on your browser.

2. **Enter Your Credentials:**
   - **Username / Email:** Enter your registered username or email ID.
   - **Password:** Enter your secure password.
3. **Click 'Login':**
   - Hit the **Login** button to proceed

Forgot Password?

- Click on the **"Forgot Password?"** link.
- Enter your email address.
- You will receive a OTP in your email which you can enter to reset your password.
- Follow the instructions to reset your password.

Login Success

- Upon successful login, you will be redirected to your **Dashboard**.
- From here, you can access modules like Defects, Maintenance, and more based on your role and the modules the company has purchased.

Login Errors

- **Invalid Username/Password:** Double-check credentials.
- **Account Locked:** Too many failed attempts? Contact your system administrator.

Security Notes

- Your credentials are encrypted and transmitted over HTTPS.
- Ensure you're using a secure network.
- Do not share your password with anyone.
- Always **log out** after use, especially on shared devices.

Need Help?

If you're having trouble logging in, contact your administrator or email us at **support@cuteinfocomm.com**.
